

This comment is in response to the service known as Low Power FM and how it could affect K-Love as it is broadcast on an FM station in Carlsbad, New Mexico. K-Love serves as an inspiration to my family and my community. K-Love is the only commercial free radio station my family and I listen to. We support K-Love through prayer and financial contributions. If this station were forced off the air due to an LPFM being given priority, it would be detrimental to our community.

K-Love supports the values America needs by spreading these values through the music it plays and the other inspirational programming offered through K-Love. The harm that would be done by forcing K-Love off the air cannot even be measured at this time. For some individuals in our community, this is the only source of good news and American values they receive. Please do not allow K-Love to be forced off the air by an LPFM.
